

CAR SEAT INSTALLATION AND INSPECTION CLINIC

WEDNESDAY, MAY 25TH, 6:30PM TO 8:00PM

FPSS SOCIETY OFFICE, 145-735 GOLDSTREAM AVENUE

Over 90% of car seats are misused in some way.

Motor vehicle collisions are the number one cause of fatal injury in children. A correctly selected, installed, and used child restraint or booster seat is the best thing you can do to protect your child in the car.

Passenger Safety Technicians will teach caregivers how to use and install car seats correctly and be available to inspect car seats for those who wish.

To register, contact Janet Christie at sicoord@fpss.com or 778-430-5460.
